Welfare And Religion In 21st Century Europe Volume 1 PDF Book

The different theological traditions, different church-state relationships and different welfare regimes are all examined. With regard to theological discourse, they explore the ways in which religious belief operates as an independent variable in the construction of welfare systems? In those elections in September 2012, Dutch voters moved sharply toward the centre. The implications for welfare are considerable, not least for the role of the churches which begin to resume the responsibilities previously shed but in new and different ways.
