Focus on

The whole idea of this plan is to bring the work of government together so people can understand what we're doing and why we're doing it. In June 1780 the Gordon Riots paralyzed London for almost a week with destruction and murder.

While Ireland had a parliament, only Protestants voted for it and the British could control it, which was far from ideal.

Focus on Europe

First, the UK can combine its world-leading domestic commitments to reducing carbon emissions alongside its co-chairmanship of the pivotal COP26 climate summit in Glasgow in November to broker stronger national commitments to fight climate change.

Focus on Europe

Gaby currently has no formal work experience; however, he is knowledgeable in the field of electrical engineering and has had some informal experience in this sector. His 79-year-old wife Tricia entered a south Hampshire care home in July and his visits have been largely limited to half-hour distanced interactions behind a Perspex screen while wearing a face mask.

Boris Johnson vows to focus on 'levelling

Wars Britain battled between the British and German navies.

Focus on Europe

The setup is simple too.

Coronavirus UK news update

Visitors will be required to take a coronavirus lateral flow test - which gives quick results - before entry and personal protective equipment PPE must be worn.
