Probably my favorite book I've read this year, in large part because it delves unsentimentally but gorgeously into two things I love: art and faith.

I, Juan de Pareja by Elizabeth Borton de Treviño

I was the first person to check this out from our library in years. Black Africans and Europeans had a steady presence in southern countries like Spain and Italy from the medieval period, most but not all of which was driven by the slave trade Kaufmann 4, Lowe 13.

Told through the eyes of Velazquez's slave and assistant, this vibrant novel depicts both the beauty and the cruelty of 17th century Spain and tells the story of Juan, who was born a slave and died a respected artist. Though intended for children, it is the work of a mature writer, showing depth and nuance.

Since he is an honest man, such deception causes him great guilt and shame. Feeling confined she escaped with her infant daughter Sophia, but soon came to know that her son had been illegally sold to a man in Alabama. He has had struggles and successes and even luck that had lead to him being a free man, which most slaves did not ever experience one moment of freedom.

However, I can leave you with two things that stuck with me: 1. However, most of these portraits are of unnamed subjects.

The Struggle In I, Juan De Pareja

This book was interesting, and I enjoyed it as I was listening to the audiobook which disappointed me a bit. I think I would have enjoyed it more had there been more dialogue, but it's told like an autobiography so there's Newbery Medal Winner--1966 This started off slow, but by the end I was surprisingly emotionally invested in Juan, his kind master Diego, and their families. He responds and reacts the same way at forty that he does at twelve.
