Those ideas, especially on foreign policy, continued to epitomise those idealists, or in A. The book begins by re-examining the rise of radicalism in the 1830s and 1840s, arguing that it was the 1832 Reform Act which invigorated radicalism, by enlarging the powers of parliament and increasing the need for independent MPs.

At his death, Cobden was widely recognised by continental Liberals as the model of a 'European' statesman and as 'The International Man' while in Britain he epitomised the ideas of the 'Manchester School'. Despite the negative connotations of the latter as a philosophy of laissez-faire, his influence was a constructive one, shaping a domestic creed of political and economic reform.
