11. Influencing Policy Development

On the other hand, a functional analysis would treat this business owner as engaged in public corruption because he is using public power, and using it to serve private ends without regard to the public good.

The Myth of Natural Monopoly

Peter Paret Princeton: Princeton University Press, 1986. Since State and Local governments are dependent upon federal funding for mandated program delivery and pass-through obligations, they must adhere to Federal priorities and guidelines. I would suggest that he needs to go find a real job that requires more than just pontificating.

It would be worthwhile for organised business in South Africa to spearhead a collective effort to force major companies to forego corrupt practices. He proposes that there will be an inevitable decentralization of power from the rigid administrative systems that were established between the early to mid-20th Century.

The Private Abuse of the Public Interest: Market Myths and Policy Muddles by Lawrence D. Brown, Lawrence R. Jacobs, Hardcover

I know I can turn to them for advice and information and get up-to-date, accurate and clear guidance on legal issues. And at a smaller scale, laws that require schools to teach technology classes are, from the perspectives of certain technology companies, rent-seeking laws: they are not grounded in existing revenue but rely on school boards to create it.

Ezra Klein

He consciously chooses to use his wealth to elect a town council and mayor that will serve his interest and lower his taxes.
