Have you heard in which question when you got scholars? The Morane-Saulnier L, a French plane, provided a solution: The propeller was armored with deflector wedges that prevented bullets from hitting it. Colonialism was the context for this monumental conflict. In all the countries involved in the First World War, ways of writing and thinking about the conflict have seen many changes.

Laurence Davis Lafore (September 15, 1917 — November 24, 1985), American author, history educator

Don't already have an Oxford Academic account? This increased hostility was directed toward the imperial regime of and his unpopular German-born wife, Alexandra.
