**Logistics and Retail Management: Emerging Issues and New Challenges in the Retail Supply Chain by John Fernie**

It is great read that outlines supply chain aspects such as how systems have evolved, processes have improved as well as the challenges that have become apparent in the 21st century; a good example is online! There is an abundance of statistics however some of them are over 10 years old. After moving back to the United Kingdom I wanted to scrub up on state of the retail and supply chain industries; this book seemed like a good place to start.
