Description: -

-
Highfields Experimental Treatment Project for Youthful Offenders.
Autoradiography.
Proteins -- Metabolism, use of radioautography in investigating protein synthesis

-
Symposia of the International Society for Cell Biology -- v. 4, use of radioautography in investigating protein synthesis

Notes: Includes bibliographies.

This edition was published in 1965

Filesize: 24.58 MB

Tags: #[Comparative #radioautographic #analysis #of #protein #synthesis #and #slow #transport #in #the #axons #of #rabbit #mono

Autoradiographic studies on the protein synthesis and the distribution of the newly synthesized proteins in oligodendroglial cells

The elaboration of protein and carbohydrate by rat parathyroid cells as revealed by electron microscope radioautography. Regulation of larval protein synthesis by hypoxia and heat stress.

RNA Catalysis — Herschlag Lab

Longland TM, Oikawa SY, Mitchell CJ, Devries MC, Phillips SM. Structure and localization of glycoproteins and proteoglycans.

[Comparative radioautographic analysis of protein synthesis and slow transport in the axons of rabbit mono

The opening part deals first with the basic aspects and mode of operation of the radioautography technique. Areta JL, Burke LM, Camera DM, West DW, Crawshaw S, Moore DR, et al. B Third instar were either maintained at 25°C control or exposed to a 1-h 37°C heat shock.

Corps et politique / Jean

The Binding of Escherichia coli Elongation Factor G to the Ribosome 39. The anabolic response to a meal containing different amounts of protein is not limited by the maximal stimulation of protein synthesis in healthy young adults.

High resolution radioautographic study of newly formed protein in striated muscle with emphasis on red and white fibres, Cell and Tissue Research

All experiments were carried out using w 1118 larvae. Calcified Tissue Research, 27: 177-185. Enzymatic Synthesis of Trinucleoside Diphosphates of Known Sequence 18.
