German air power in World War 1. Museum databases are evolving, and a conversation about standards in regard to media art needs to begin that involves artists working in this area and registrars, conservators, and curators.

Biography

Ist dies eine angsteinflößende Entwicklung? Two juxtaposing colors are at the same time graphic element as well as message: an aggressive red signaling alert and a soothingly comforting green. Courtesy of the artist A disturbing discovery by the artist proved to be extremely useful for purposes of discussion during the symposium and for this article, as it highlights the difficulties associated with technology-based installation art.
