Why Bangladesh overtook Pakistan

. Pakistan is one of the few Muslim states that has the ability to build jets and more. An course for non-Muslim students was also introduced.

History of Bangladesh

. Education in Ethiopia, Liberia, and , however, must be treated separately—Ethiopia and Liberia because they have long histories as independent nations and South Africa because it was under the control of a white minority government for most of the century. An accord signed in the Indian city of Shimla in 1972 expressed the hope that henceforth the countries in the region would be able to live in peace with each other.

India, Pakistan and Bangladesh 70 years after the British left

It put special emphasis on improving quality, equity and governance.

The Partition of India: What happened?

Chacha Jee, India do not have any role on textile export of Bangladesh.

The Partition of India: What happened?

These reasons need further in-depth analysis and discussions. The west wing renamed itself Pakistan, many assuming this was temporary.

Bangladesh's economy is soaring

Those who were employees of the Central Government of Pakistan? The backbone of our economy is still workers living abroad and sending money back home. Bangladesh Bangladesh is a South Asian country which is bordered by India, Burma, Nepal, Bhutan and China.
