## Sociologie des classes populaires dans le Japon contemporain

Fukue, Natsuko 2009, Idled non-regulars to top 190,000, in: Japan Times Online, 1 April 2009. These two opposing forces combine into a whole greater than the sum of its parts. Vingt années perdues », Hommes et Migrations, n° 1302, 4 janvier 2013, p.

## Putting to Work the Model of Entrepreneurship in Japan

I don't think it has an air of finality to it. Seeing an adult use it would be pretty creepy. In den letzten beiden Jahrzehnten wurden in den hier behandelten Sprachen viele neue Termini geprägt, meist ohne den Versuch einer Harmonisierung oder Vereinheitlichung.

## Say sayonara to 'sayonara'

Unemployment Insurance was reformed in 1955 and augmented by a merit-based component that benefited male core workers who held one job over a long period of time with better unemployment benefits Estévez-Abe 2008: 127. Young schoolchildren these days opt for endless bai-bais nowadays. The Unemployment Insurance was renamed into Employment Insurance and significantly expanded through the integration of active policy measures such as wage subsidies during economic downturn periods Estévez-Abe 2008: 213.

## Say sayonara to 'sayonara'

Nelson, Leiden ; Boston, Brill, « Brill Handbooks on Contemporary Religion » n° 6, 2012, p. Dai, the youngest of the three men at 32 years of age, had been employed at a frozen foods processing company until he was discharged in December 2008. The erosion of legal and social standards in Japan as a consequence of falling incomes and unstable employment became yet more evident in December 2008, when a wave of lay-offs of dispatched workers haken-giri brought this increasingly marginalized yet growing group of working people unable to make ends meet to the center of public attention.
