Carlo Scarpa Biography, furniture, lights and glass objects

Scarpa translated his interests in history, regionalism, invention, and the techniques of the artist and craftsman into ingenious glass and furniture design. His mixed medium of works including, furniture and glass reflect his passion and interest in history, regionalism and craftsmanship; his architecture reflects a deep awareness of the steep marks of history and masterful attention to details to combine ancient craft skill within a totally modern aesthetic. This walk around Venice explores the city from the west side of Canal Grande to the east side of Castello.

Carlo Scarpa Biography, furniture, lights and glass objects

The chapel has no religious or decorative elements. It is however a pity that you cannot identify which works were designed by Carlo Scarpa and which were inspired by him. He turned the water into an attraction instead of a burden.

Explore Venice in the steps of Carlo Scarpa

All these architects had like party houses where they would entertain clients and such and just have parties and used them for nothing else.

Carlo Scarpa Architect

We hopped the local train and then got on our train headed for Naples, but stopped in Rome. It was a three-course meal, starting with Rigatoni and then I had a steak for the second course and then a salad...with sparkling water. Ticketing booth Giardini, Castello When you exit the Giardini grounds towards the lagoon, you will find a small ticketing booth on your right hand side.
