Social Life in Victorian England

Also, the poor women rarely had shoes. Typhoid during the Victorian era was incredibly common and remains so in parts of the world where there is poor sanitation and limited access to clean water. Has the period in between been ignored as an age of inventive and distinctive design? What are the most common schoolyard illnesses? For instance, *The Mill on the Floss* was taken and modeled from her real life experience of being rejected by her friends and family for her common-law marriage.

What was life like for the poor in the Victorian times?

When better transport was built, like railways, new food got into the daily diet and transport refrigeration allowed meat and fish to be imported cheaply.

The best books on Life in the Victorian Age

What was the worst disease in Victorian times? Perfect timing for your book. Did it wait at a cabstand, like now? Although he was not the first to use his skills in writing to address the issues in English society, he was by far the most successful.

Victorian Era

Short guided walking tours and village museums provide interesting insights into rural village life often dating back to medieval times. I should do something about that. It was used medicinally, as it was nutritious and heavily sweetened.

Victorians: Daily Life

Iron and coal mines where children, again, both boys and girls, began work at age 5, and generally died before they were 25, gas works, shipyards, construction, match factories, nail factories, and the business of chimney sweeping, for example, where the exploitation of child labor was more extensive, was to be enforced in all of England by a total of four inspectors.

Social Life in Victorian England

There was the decorative Regency period and then the inventiveness and creativity of the Arts and Crafts movement. Most of the time men would own a single pair of pants, maybe two shirts and their nice Sunday clothes.

Social Life in Victorian England

Marriage and Sexuality Women could not seem too focused on finding a husband, lest it appeared they had a worrying amount of sexual desire. Lawn tennis was a popular sport for middle-class women in Victorian times. If the household had children, additional senior staff included the governess and the nurse.
