**The impact of transparency and morpho**

Evidence for this hypothesis comes from delay, acceleration, and transfer in particular areas of bilingual language acquisition. When discussing CLI, attrition is an important concept to keep in mind because it is a direct result of two or more languages coming into contact and the dominance of one over the other resulting in language loss in a speaker. The principal protagonists of this book are three siblings born in such a family where the mother is a native speaker of Cantonese the first author and the father of British English the second author.

### Typical Development in Bilingual Students: Cross

There was convergence with monolingual studies reporting sexually dimorphic and familial trends in the prevalence of stuttering and rates of recovery.

### [PDF] Cross

This theory posits that knowledge is transferred from the learners first language into the performance of cognitive and linguistic tasks in the second language.

### Bilingual Brains

Does the bilingual benefit on cognition also work on older children and adults who learn second languages to the point of fluency? Many letters in English are used as markers that signal the sounds of other letters. Occasionally, a spelling will represent more than one word read-read so we have to use meaning as a clue to recognize the word. French learners have been shown to over-rely on when introducing new referents into discourse, in their L2 Italian and English.

**The Bilingual Child: Early Development and Language Contact by Virginia Yip, Stephen Matthews, Paperback**

Ways bilingual people's languages influence their use of the other Crosslinguistic influence CLI refers to the different ways in which one language can affect another within an individual speaker.

**The Bilingual Child: Early Development and Language Contact by Virginia Yip, Stephen Matthews, Paperback**

There are principles determining the direction of transfer and mechanisms which account for how it takes place: these include language dominance, developmental asynchrony and input ambiguity. Department of Education's Institute of Education Sciences. And he was sad in the night.
