## Treaty of Rapallo (1922) — Wikipedia Republished // WIKI 2

By 1939, at Flossenbürg, a German concentration camp, forced labor from Jews was used to produce German planes. He planned to work with the Russians, who had not been represented at Versailles, but who were allowed to ask for reparations. All the major countries were invited, but the United States refused to attend.

## Weimar Rearmament

This late reentry into tank manufacturing, without being hindered by obsolescent tanks, seen with France and Britain, gave the Germans a significant advantage heading into WWII. ## Georgy Chicherin

Chicherin became the acting head of the Commissariat and was appointed on 30 May.

## Community of fate : German

They quickly signed a treaty involving mutual diplomatic recognition, cancellation of debts owed in each direction, and pledges to increase economic ties.

## Treaty of Rapallo (1922)

It was a major victory for Russia especially and also Germany, and a major disappointment to France and Great Britain. German tank development then took a significant turn with the Treaty of Versailles.

## **Weimar Rearmament**

Article 4 Both Governments have furthermore agreed that the establishment of the legal status of those nationals of the one Party, which live within the territory of the other Party, and the general regulation of mutual, commercial and economic relations, shall be effected on the principle of the most favoured nation. Russia had already started collaboration with a German military in a project so secret that the German civilian government and diplomats did not know about it, but which made Moscow much more favorable toward a friendly deal with Germany.

## **Community of fate : German**

He felt that the terms of the reparations demanded of Germany were not harsh enough and would allow an economic recovery for France's great enemy. In 1919, the allied nations, because of the Paris Peace Settlements, left Germany economically destroyed with no military force. By this time, tank training and production had returned to Germany at the Alkett factories in Berlin.
