## Standards of rationality and context

In HCC, Lukacs claims that the in capitalist society tries to make and think about the world as a system closed in this way more on this later, I hope , and as a result finds itself incapable of action. If one chooses the life of a philosopher, one should keep the level of one's resources high enough to secure the leisure necessary for such a life, but not so high that one's external equipment becomes a burden and a distraction rather than an aid to living well. As factors leading to action, emotions involve an element of uncontrol that is typically seen as undermining rationality but can sometimes be part of a longer-term rational strategy to the extent that states of affect modify the agent's practical options.

## What Is Contemplative Meditation?

Abductive reasoning is a form of which goes from an observation to a which accounts for the observation, ideally seeking to find the simplest and most likely explanation. As he himself points out, one traditional conception of happiness identifies it with virtue 1098b30—1.
