Love Above All and Other Drawings: 120 Works

Illustrations, Index, if any, are included in black and white.

Eighty Drawings: Including Weaker Sex: The Story of a Susceptible

His drawings and paintings from the Weimar era sharply criticize what Grosz viewed as the decay of German society. Our BookSleuth is specially designed for you.

Eighty Drawings: Including Weaker Sex: The Story of a Susceptible

Packed with satire, dark humour and deep irony these drawings convey the social and economic pressures of the era, the depravity, need, humanity and despair - whilst underlining the social conscience and experimental technique of the artist.

Love Above All and Other Drawings: 120 Works

We see only his back and neck, note her tastelessly modish skirts, and we know the whole story. What earthly good is art?.
