Studies in Ancient Greek and Roman Society

These men are shrouded in mystery, as is the time when they gave those laws. The Theban general then led Theban troops into the Peloponnese, whereupon other city-states defected from the Spartan cause.

Studies in ancient Greek society (1954 edition)

These reforms, attributed to , were probably complete by 650 BC.

Ancient Greece

The most important religious act in ancient Greece was , most commonly of sheep and goats. Hellenic Journal of Nuclear Medicine.

Pederasty in ancient Greece

From 650 BC onwards, the aristocracies had to fight to maintain themselves against. The education system of the wealthy ancient Greeks is also called. Images of Ancient Greek Pederasty: Boys Were Their Gods.

Pederasty in ancient Greece

The conquests of spread from the western to. Develop a research project in these fields. Others, such as Aristotle, claimed that the Cretan lawgivers encouraged pederasty as a means of, by directing love and sexual desire into non-procreative channels: and the lawgiver has devised many wise measures to secure the benefit of moderation at table, and the segregation of the women in order that they may not bear many children, for which purpose he instituted association with the male sex.

Ancient Greek History

An introduction by the editor, which places the papers in the wider context of changing interests in Greek and Roman history, sets the scene for papers on Greek warfare, the regulation and representation of women and the nature and study of homosexual relationships in Athens, the relationship between Rome and its empire, whether Rome was democratic, the ideology of Augustan Rome, games and gaming at Rome, the lives of slaves, the ancient interpretation of dreams, the nature of religious pilgrimage, early Christian martyr stories, and bandits in the Roman empire. Only wealthy families could afford a teacher. For instance, in Athens, the kingship had been reduced to a hereditary, lifelong chief magistracy by 1050 BC; by 753 BC this had become a decennial, elected archonship; and finally by 683 BC an annually elected archonship.
