The benefits of empowerment include improved self-image, self-efficacy, confidence, and hopefulness, as well as increased ability to cope with daily life, greater satisfaction with treatment, and higher likelihood of reaching treatment goals Linhorst, Hamilton, Young and Eckert 2002.

The Growing Importance of Civil Society in Development Issues

These are not merely domestic political issues, but issues of world peace. Based on the new strategic direction outlined by the President, the President's key civilian advisors, in partnership with the senior military leadership, developed a revised defense program that called for dramatic

reductions in the planned size of U. And forced confession would not work.

Civil Society and the State New European Perspectives by Keane John

There is no doubt that the prime responsibility for protecting survivors, witnesses, and other persons in the cases of human rights violations rests with the state under international human rights law. Thus civil society is considered in connection with other themes, such as European identity, the EU democratic deficit, the constitutional process, and European citizenship. .
