**Text of H.R. 3840 (101st): To establish the Newberry Volcanoes National Monument in the State of Oregon, and ... (Passed Congress version)**

It was built by the people between 1125 and 1400. Not only did I get my volcano fix in here, between a cinder cone and lava fields, I also got to explore a lava tube and get up close and personal with the ecosystem of central Oregon. The right side of the falls was partially frozen, creating an icy ribbon behind a curtain of falling water.

**Newberry National Volcanic Monument : America's newest national monument, an Oregon documentary (Book, 1991)**  
[mikhmon.us.to]

We do our best to keep all information current and accurate - If you see an error or think we have missed something. So I took the easy way out and skied along the snowmobile trail, Trail No. Initial access descends 55 stairs to a combination of flat boardwalk, uneven surfaces and stairways.

## Newberry National Volcanic Monument, Oregon

The entrance was discovered by miners in 1900 and was named for its crystals.

**Volcanoes in America's national parks : Decker, Robert W. (Robert Wayne), 1927**

Paulina Creek drains the lake and has chiseled a narrow gorge through the caldera's west wall creating a remarkable twin waterfall.

## Central Oregon Hiking

Infestations by have killed many lodgepole pines in the area. Paulina Falls in the Newberry National Volcanic Monument.

**Text of H.R. 3840 (101st): To establish the Newberry Volcanoes National Monument in the State of Oregon, and ... (Passed**

**Congress version)**

Among the volcanic cinder cones, lava tubes, and fissures created 15,000 to 2,000 years ago is the world's deepest open crack. The monument was created in 2006 with 139,797 square miles 362,070 km<sup>2</sup>, and its boundaries were expanded on August 26, 2016, more than quadrupling in size to be the largest protected area on , almost the size of the . Newberry lies 37 miles 60 km east of the major crest of the in the High Lava Plains region, rising 3,500 feet 1,100 m above its surroundings.

**Newberry National Volcanic Monument, Bend**

October 28, 2013 The monument at , the home of the Military Working Dog Program, honors the efforts and sacrifices of in the service of the United States.
