Telling Tales: Using Narrative Psychology in Branding

Rumors about issues central to the future of the organization—takeovers, reorganizations, major managerial changes—can be an enormous distraction or worse to employees. Situated Learning in the Form of Storytelling Situated Learning sometimes referred to as Situational Learning, is a powerful and effective form of learning based on narrative structures. The ensuing chapters proceed chronologically, from a mostly tonal compositional language associated with traditional formal constraints to one that is mostly atonal and formally less predictable.
