Nocturnes

Another notable feature of Chopin's nocturnes is that all but three of the pieces end in a major key. I was going to open the score and give you some feedback on it, but I happened to open the PDF in a new tab, then tried to copy and paste the link back into this browser window. Comments that contain personal attacks, hate speech, , unnecessarily derogatory or inflammatory remarks or inappropriate remarks e.

Nocturne in F major

And only 19 years old! C composed 21 nocturnes, 18 of which were published during his lifetime. Some of the fingerings you used, and some of the notes you held would be painful for me and a couple of them I'm not even sure I could reach.

Chopin: Nocturnes (Complete): Piano Comb Bound Book: Frédéric Chopin

Together with the mazurkas, the other miniature form that he made his own, the nocturnes provide a musical chronology of that development. Also, Chopin further developed the structure of the nocturne, taking inspiration from the Italian and French , as well as the form. But repeated listening revealed a deep meaning to me, and it's now one of my favorite nocturnes.

Nocturnes (Chopin)

I will have to have a look at your other pieces on your channel. I'm only a beginner so not good at musical descriptions but it makes me feel good and that's what good music does.

Underrated Chopin Nocturnes : piano

This is one of the most if not the most important features to the nocturne as a whole. It's a feature he put on his website for whatever reason. The binding is important too.

Underrated Chopin Nocturnes : piano

I've seen someone online I think Ashish Xiangyi Kumar? I bet you are grade 8! That's odd- never come across that before.
