God Separated the Light from the Darkness

Are we being cognitively lazy and not challenging our ideas of what is good and what is bad? The Light shines in the darkness, and the darkness did not comprehend it. You will never find Him crossing over into the areas of darkness, for any time, on any occasion, for anything! It should be viewed in this context and with the understanding that it reflects the attitudes and standards of its time - not those of today. Since the world has been under a false light called darkness, when the real light of creation which is Jesus came to recreate humanity in the book of saint John 1:5, it became absolute impossible for people to believe him because they have been used to the false light brought about by the fall of Adam and Eve in the garden, and that false light is ignorance of their divinity.
