Coverdale walks a distance away from the farm, and meets a strange man in the woods named Professor , who annoys him with his insouciance and asks after Zenobia and Priscilla. The transgression of Hester Prynne and Arthur Dimmesdale; the innate lawlessness of their bastard child, Pearl; and the torturous jealousy of the husband Roger Chillingworth eventually erupt through the stern reserve of Puritan Boston.

The Blithedale Romance Summary

He is consistently curious about his surroundings, leading to his voyeurism and mostly unsupported speculations on his fellow residents.

The centenary edition of the works of Nathaniel Hawthorne / [editors, William Charvat ... et al.]

He comes across revelers in the woods, and fleeing, stumbles upon Hollingsworth, Priscilla, and Zenobia. Ye cannot take it off. Like Clifford, however, who is saved by his imprisonment from an aesthetic version of the unpardonable sin, Holgrave runs the risk of becoming merely a cold-blooded observer.
