Decoding parts of the message, they were able to develop an outline of its content. They gave it to the U.

## Zimmermann Telegram

But the information in the telegram intercepted by the British told the President that the time had come. It was going to be something important.

## Document Deep Dive: What Did the Zimmermann Telegram Say?

Sir Alfred Ewing established the British code breaking operation to decipher German wireless messages and managed Room 40, the British Admiralty intelligence department of cryptanalysis. On February 19, 1917, Admiral Sir William Hall, the head of Room 40, presented a copy of the telegram to the secretary of the U. Translated copy of the Zimmerman Telegram.

## Zimmermann Telegram in World War I

Britain had severed Germany's Atlantic cable ties with Washington on the outbreak of war. Wilson was reluctant to break diplomatic relations with Germany, but, yielding to public clamour and senatorial advice, he severed those ties on February 3, 1917.

## Zimmermann Telegram

The latter's use of unrestricted sea warfare had seen numerous Americans killed by German U-boats - most famously in the case of cruise liner the Lusitania in 1915.

## **The Zimmermann Telegram (1917) Summary & Facts**

He delivered a ringing war message before that body on that date, saying that America would be privileged to give her blood and treasure to make the world safe for. The numbered code was later cracked by British codebreaker Nigel de Grey, who passed it on to British intelligence chiefs. He also said that despite the submarine offensive, he had hoped that the USA would remain neutral.
