## Acid Rain (1998)

I have torn the neck of one of they boys for trying to display vicious behaviors around me. Atobatele returns to Nigeria first, to teach Biology in his hometown school. By the way, since Rawlings claims to detest corruption so much, he should take a moment and ask himself just one question.

## One Man, One Wife

The potential disadvantage of being a solitary recording artist is that no one contributes an impartial voice. He is free to mark 15 th May in any manner he desires, but he should stop denigrating the June 4 event, no matter how much he may want to celebrate it. He served as the Director of Public Works for Western Nigeria after studying Civil Engineering and Town Planning in Lagos and London.

## Machete

You can find some of his work on Google Editions though My copy of One Man, One Matchet was given to me by one of two best big sisters in the whole wide world. Born on July 14, 1918 in Ilesha in the old Western Region of Nigeria, Aluko who had his early training as an engineer has a well-earned reputation as one of the legends of African writing in English, having published some six novels in the esteemed African Writers Series AWS of yore. Before his death I did not know he existed.

## One Man, One Wife

But can the White Man himself in all his knowledge change the appointed day? That annoyance is not only borne out of concern that the factors that caused them to initiate the uprising are ever so present, but also at the fact that he manipulated the uprising for personal gain.
