### USP: Interlibrary Loans

For borrowing libraries, using the feature is as easy as clicking a checkbox and entering the maximum cost you are willing to pay for an item on the ILL workform. These fees, if required, are paid by the library, not the requesting customer. Meanwhile, new technologies and methods of sharing collections have been introduced that surely have a significant impact on unit costs.

### Survey Components

At least a week or more.

### ERIC

How many items may be requested? Cancelled By ILL Staff ILL Staff has cancelled this request.

### Interlibrary Loan Survey

How do I sign up to use ILLiad? We will try to identify additional libraries that claim to own the item and send the request to these additional libraries. There is little information available which is specific to libraries. New and streamlined procedures had been implemented.
