Nikkormat FT2

A simple cleaning cures it. How did we get here? I have lots of good glass I can use on it too; being an F2 owner also. This will prevent you from accidentally damaging anything if the wires were tugged as a result of moving or cleaning the top plate.

I went back to my first love, the FM2n. Remarkably, they were really built as well as their pro sisters.

Nikkormat, Brutish & Beautiful

He said the model that never needs a repair is the Nikkormat. I initially regarded them as quaint traits of an older camera, along with idiosyncrasies like the need for a silver-oxide S76 battery instead of easier-to-find LR44 alkalines.
