## THE ARCHITECTURE OF THEORIES

Besides Feelings, we have Sensations of reaction; as when a person blindfold suddenly runs against a post, when we make a muscular effort, or when any feeling gives way to a new feeling. An animal may better his chances of existence in either of many ways, - growing aquatic, arboreal, or subterranean; small and swift, or massive and bulky; spiny, horny, slimy, or venomous; more timid or more pugnacious; more cunning or more fertile of offspring; more gregarious or more solitary; or in other ways besides, - and any one of these ways may suit him to many widely different environments. .

## Alfred Russel Wallace on Spiritualism, Man, and Evolution: An Analytical Essay

It is an absolute psychic difference, even greater than that between the states to which two different surds will give rise. I am interested in any actual proof you can offer.

## CATHOLIC ENCYCLOPEDIA: Monism

Remember how small after all is the residuum of permanent truth accepted as the contribution to human thought of the most illustrious thinkers of old.

## Creation and Evolution

The expert intends to beat. Students should develop their abilities by identifying a specified need, considering its various aspects, and talking to different potential users or beneficiaries.

## William James

Nay, exact conformity would be in downright conflict with the law; since it would instantly crystallise thought and prevent all further formation of habit.

## **The Herbert Spencer lecture**

D unlike the AiG site.

## **5 Math Equations That Change the Way You See the World**

It's much bigger and more important than the ridiculous little structures we've erected on it. But then you do not apply it correctly. The nickel is denser than the pencil.
