## Nansen's First Crossing of Greenland (extract)

In addition they had chocolate, cheese, dried halibut, pea lentil and bean soup, calf-liver paté which froze and had to be chopped with an axe, dried caraway shoots, cranberry jam, condensed milk, tea and strong coffee extract, amongst other provisions. Heavy was sighted ten days later at around latitude 78°N, as Fram approached the area in which was crushed.

## The First Crossing of Greenland (1888)

Both of them had studied the extensively and published works on it; as well, Poul and some of the other clergy sent by the Mission College, such as, began wide-ranging study of Greenland's flora, fauna, and meteorology.

## Antiquarian Rare Books, Vintage Books, Secondhand books, Wisden 1864

In addition it turned out to be quite easy to row. Furrer, who began penniless, is now a rich man, a personality, politically and on TV.

## CROSSING GREENLAND

The tent floor and two tarpaulins were used for the sails. On the other hand he discovered that it was fine to chew on bits of wood.

## Nansen's First Crossing of Greenland (extract)

Adolf Attenhofer won the Swiss Championship in 1917 while working for Ettinger where he developed skis. In 1951, the Kauffman treaty was replaced by another one.

## The Cross

He left before knowing the outcome of this process.

## Fridtjof Nansen

After Voit discontinued ski manufacture, Pieren worked for Olin Ski from 1966 on.
