Foreign Aid and Bribery at the United Nations. And investments in regional infrastructure could be less than optimal where, for example, they serve to reinforce the trade diversion effects of discriminatory regional trade agreements, rather than enhancing the benefits of nondiscriminatory policies and low external tariffs. Its focus on individuals and the groups they construct equips it well to illumine transnational networks.

Theories of International Relations and the Explanation of Foreign Aid

The pluralistic state is non-hierarchical, and is moreover just one of many pluralistic institutions in society, such as labor unions and religious groups.

DEVELOPMENT STUDIES / INTERNATIONAL RELATIONS

Indeed, institutions have been defined as organizational forms that enhance monitoring and information transmission Greif et al. Its most striking recent successes concern the democratic peace and related research on democratic advantages in international cooperation.
