## Science Careers

Alison joined Elsevier in 2007 from the world of journalism, where she was a business reporter and blogger for The Journal News, a Gannett daily newspaper in New York. Not surprisingly, women are almost three times more likely than men to think their gender will make it harder to get a raise, promotion, or chance to get ahead.

## Gender and motivation

You will no doubt be aware that women are underrepresented in Stem science, technology, engineering and maths occupations. This is an edited extract from

Filesize: 33.11 MB

Women in the Workplace 2020, a study undertaken by McKinsey and LeanIn. Conflict of Interest Statement The authors declare that the research was conducted in the absence of any commercial or financial relationships that could be construed as a potential conflict of interest.

## Born this way? Researchers explore the science of gender identity

Usually ships within 6 to 10 days. But at a public aquarium, we can take a peek and examine close up the beautiful fish and coral. This article was a collaborative effort by Sarah Coury, , Ankur Kumar, , , and.

All of the participants had majors in math, science or engineering. Are we moving toward a more equal society with regards to gender?  
Implementation of any Science Project Idea should be undertaken only in appropriate settings and with appropriate parental or other supervision.
