Laser Applications to Chemical Dynamics: 13

The influx of 200,000 fans into the city, and the outcry arising from the mountains of litter left behind and the inevitable consequences of the lack of toilet facilities, led to the entire city council resigning after the concert. Chang, Editor, Cambridge University Press, Cambridge, UK, 2002. Various scaling relationships are developed which indicate laser design trade-offs in relationship to the state of the art in switching capabilities.

Filesize: 29.71 MB

Pulse power for lasers : 13

Gating parameters for using thyristors in laser power supplies are discussed.

New developments and applications in gas lasers : 13

This scheme lends itself to simple length scaling of excimer lasers to higher pulse energies. Conference on Lasers and Electro-Optics CLEO 2000 ,

San Francisco, CA, May 7-12, 2000, Opt.

Pulse power for lasers : 13

It was also performed in a second, unplanned, encore at the Philadelphia show at JFK Stadium. We had the list of songs, and we'd shortened them, which we'd never done before. A pulse forming network for excitation of high pressure TE-lasers using a large number of paralleled waterline capacitors is described.
