Historic Preservation

Storage caches dug into the earth offered no protection from the heat, so essentials like fresh milk were not an option. Families had become attached to the little oasis and decided to make it into a permanent home.

Boulder Dam Hotel

There are fifteen 115,000 horse- power, and two smaller generators.

Hoover Dam, Ragtown and Dingbat Houses

In April 1931 a contract to build the dam and subsidiary works was awarded, and was signed by the Secretary of the Interior, , and by , president of the new Six Companies Incorporated, which had been formed to tender.

Building the Hoover Dam and the People Who Died Building It

This jumbo was mounted on a truck, which was backed up to the bench face, the jumbo being jacked into position and held firm while water, compressed air and light connexions were attached and the drills pointed. None were buried in the concrete. If you have zero interest in the history of the construction of Hoover Dam, some of the sequences may not interest you.

Denver Water's Gross Reservoir Dam Expansion Proposal

The additional tunnels were lined with steel pipe, and Babcock and Wilcox, who supplied the pipe, had to build a special fabricating plant on the spot, since such huge sections could not be transported over long distances by rail.

Boulder Dam Hotel

The hero of the story, Lynn Weston, is a typical Grey do-gooder who can do no wrong. However, too many faults were discovered in Boulder

Canyon and Black Canyon was eventually chosen for the construction of the dam.

Building the Hoover Dam and the People Who Died Building It

There's a minor action scenes at the very end of the picture, which is okay but all in all only film buffs are going to want to check this one out. Many thanks, Judy, for a truly wonderful post! The character descriptions in the book are as if some cowboy would have described somebody. Through an agreement with the Mexican government, a bypass was cut right past the Mexican border.
