**The naturalist on the River Amazons : a record of adventures, habits of animals, sketches of Brazilian and Indian life, and aspects of nature under the Equator, during eleven years of travel: mikhmon.us.to: Books**

The naturalist on the River Amazons, a record of adventures, habits of animals, sketches of Brazilian and Indian life and aspects of nature under the Equator during eleven years of travel. The good fellowship of our Cucamas seemed to arise, not from warm sympathy, but simply from the absence of eager selfishness in small matters. He is perhaps best known for his theory of mimicry, whereby lesser species emulate the look of more dangerous species for their protection.
