## Coronavirus Disease 2019 (COVID

These recommendations focus on the direct delivery of care to individual clients.

## FHA Info Messages Archive

These recommendations highlight the importance of ensuring that services are provided to clients in a timely manner. Family planning services can help address these and other public health challenges by providing education, counseling, and medical services 5.

## Federal :: Compliance With Statutory Program Integrity Requirements

Regarding the commenter who calls for direct funding of entities that provide natural family planning, the Title X regulations already permit, and this final rule allows, such entities to be participating entities in Title X projects.

## FHA Info Messages Archive

Information about preventive services that are beyond the scope of this report is available at.
