Neuroscience Research Communications Journal

Turner trucks first in those regions with relatively few deficient bridges. Fear, more than hate, feeds online bigotry and real-world violence.

Neuroscience Research Communications Journal

Edinburgh University Press, Edinburgh, UK. It provided part-time employment for those college students who would otherwise have been unable to continue their education. HIGHLY recommended for anyone who is interested in military history.

Neuroscience Research Communications Journal

Aiding Violence: the Development Enterprise in Rwanda. It was designed to aid scholars and editors examine the history of a text from manuscript to print versions. This book will be a go to book for years to come seeking inspiration for my writing of military Science Fiction.
