Emilio Greco

On-site visits are a major asset for the credibility of the whole process in that they enable evaluation teams to hold thorough discussions with domestic key players including representatives of civil society , to request additional information on-the-spot, and to shed light on often blurred and contentious issues. At that point, Greco was considered the underboss of the Ciaculli.

Juliette Gréco

Gréco also became involved in the Résistance, and was caught but not deported because of her young age. On-site visits include meeting with numerous interlocutors, government officials, civil society representatives, academics, etc.

Moreover, any State which becomes Party to the Criminal or Civil Law Conventions on Corruption automatically accedes to GRECO and its evaluation procedures. Membership in GRECO is not limited to Council of Europe member States, any state which took part in the elaboration of the enlarged partial agreement, may join by notifying the Secretary General of the Council of Europe. .

About — Greco

With the end of the Second Mafia War, Greco began to act as the actual boss of the Ciaculli family, while his uncle went into hiding.
