**Introduction for Building Capitalism : WestminsterResearch**

Länderübergreifende gleichwertigkeit beruflicher fertigkeiten und qualifikationen.

**Building Capitalism: Historical Change and the Labour Process in the Production of Built Environment**

The dynamics of migrant employment in construction: can supply of skilled labour ever match demand? Knowledge, skills and competence in the European labour market: what's in a vocational qualification? To support these arguments, the author identifies a qualitatively new historical stage of capitalist building production involving a significant expansion of wage labour, and hence capital, and the transition from artisan to industrial production.

**Introduction for Building Capitalism : WestminsterResearch**

First published in 1992, this Routledge Revival sees the reissue of a truly original exploration of the nature of urbanization and capitalism. Work in a Warming World: Labour, Climate Change, and Social Struggle.
