### Introduction to the Theory of Value

The 'more-looms' dispute, went together with a demand for pay cuts of up to 12 ½ % - more work for less pay! While only 4% of clothing was imported into the States in the 1960s, it's now gone up to 60%. Nor is it true that markets equate the costs and benefits to society of production for people's needs. In fact capitalism produces rich and poor as inexorably as it produces Coca-Cola.

Capitalists making average or below average profits in other sectors of the economy will be attracted to tin production. In 2001 the biggest firm was General Electric not to be confused with the British-owned General Electric Corporation.

### Introduction to theory

Tradition entails subordination to more abstract objects - religious and cultural customs and ideas. This fact is masked by the apparent dominance of market forces over capitalist society.

But that would be impossible, if the options available in some choice were incomparable in this way.

### Introduction to Appreciative Inquiry

The process by which people define and redefine themselves is the labour process. Even Bill Gates, the world's richest man, is not the sole owner of Microsoft, though he is reckoned to have a controlling interest in the company. This usually involves the accumulation of capital with more and more machinery behind the elbow of each worker.
