## Language development and literacy: Influential factors

Enhancing parental choice — the driver behind the academies and free schools programme in England — was supposed to address this. For some reason a pupil may have developed a dislike for some subject because he may fail to see its value, or may lack foundation.

## Equity in Education: Definition, Effects, How to Get It

Changing schools The right of parents to express a preference for a particular school applies at any time until the child reaches school leaving age. ADVERTISEMENTS: Children suffering from visual, auditory, and other physical defects are seriously handicapped in developing skills such as reading and spelling. Verbal communication requires productivity, i.

## Choosing a school: a guide for parents, revised November 2016

Little to distinguish main parties The difficulty of making admissions fairer is illustrated by the positions of the main parties. What are the implications for public education if school choice is the dominant method of determining school enrollments? Journal of Child Language 1979;6 3 :529-545. Education Week on the Web.

## An Assessment of Factors Influencing Parents' Decision Making When Choosing a Private School for their Children: A Case Study of Selangor, Malaysia: for Sustainable Human Capital

Between 1991 and 1997, over twenty-five states passed charter school legislation and twenty other states have considered charter schools. This worsened racial disparities, as many low-income families don't have the wifi connections or computer equipment needed for long-distance learning.

## 7 Important Factors that May Affect the Learning Process

These cognitive systems will, at the least, influence what is noticed in the language input, and may well be central to the learning process. What should educational leaders do to prepare for this issue? American Journal of Mental Retardation 1993;97 5 :541-546. This contributes to

structural inequality, where the institutions themselves contribute to inequality.
