A Unique Challenge: Sorting Out the Differences Between Giftedness and Asperger's Disorder

Intellectual Talent: Psychometric and Social Issues. Retrieved from MLA Page, Jeremy S.

How Being A Gifted Kid Affects You As An Adult

I believe that everybody has the capacity to become intelligent, productive members of society. Myth: This Child Can't Be Gifted, He Has A Disability Truth: Some gifted students also have learning or other disabilities.

Is there a mindset misconception with giftedness?

For Joey, the prereferral process included an examination of all health records and past testing, interviews with Joey and his parents, teacher input, and observation of his current level of functioning. Thank you for this article. Yet parents and children don't realize that giftedness can be as much a cross to bear as, well, a gift.

Research Papers on Giftedness for Education Majors

Linn, Carol Ann Tomlinson, Nancy M. Based on the Family Systems Theory FST as a conceptual framework, specifically the homeostasis principle, the current study explores how parents in families with gifted and non-gifted children affect sibling relationships. But they are also at risk for becoming exhausted and depleted.

How Being A Gifted Kid Affects You As An Adult

My parents marriage went through a very bad patch when I was placed in that program. Recognition of learning difficulties among the gifted is made extremely difficult by virtue of their ability to compensate.

Researching the complexity of giftedness

Krampe, Tamoe Kanaya, Susan M. If a person is genetically predisposed to said mental illness, then trauma could cause it to manifest.

A Unique Challenge: Sorting Out the Differences Between Giftedness and Asperger's Disorder

Gallagher to denote students who are both gifted and have disabilities. Ask your child's teacher for help in identifying other gifted kids in your child's school not only in her classroom. Moreover, they are most definitely not the only ones.

Challenges Faced by Highly Gifted Students, Solutions for Support

We need more resources that kind of counter that standard story that our kids hear in the media about their potential and about how much they can achieve because our narratives, Māori narratives tell a very different story about our ornate gifts and talents.
