The Venetian Affair (1967)

When they announced that Robert Vaughn was going to play the lead we were ecstatic. It's a Slow Burner for sure.

The Venetian Affair (1967)

The filmmaker is not injecting any intensity into the picture. Still, Karloff completists will want to check it out. I had read 'The Spy Who Came in From The Cold'.

The Venetian Affair (film)

He's good but not in this enough to matter much. Slow pace, and Vaughn was not the stuff movie stars are made of.

The Venetian Affair (film)

Much of it is shot in the attractive location of Venice, and whereas it is always nice to see canals, it is better still to see a film which is not complete nonsense. Then various people are told they can 'never escape from Venice'.

The Venetian Affair (film)

The most Interesting Part is Not well Integrated, the Secret Psychotronic Weapon.
