McClain is a native of Spokane, Washington, and earned her undergraduate degree from the U.

March or Die, Canadian

Was it the manufacturer who produced the faulty wiring blamed for the explosion? The military services of many countries, including the United States, have been forced to throw open their doors to foreign nationals.

Memoirs of the Foreign Legion.

Although the Legion of the novels now serves the human Commonwealth as a whole made up of Earth plus numerous colonized planets rather than France alone, its composition and function are virtually identical to that of the French Foreign Legion of the past and present. Meanwhile, many traders fear that an April 12 OPEC+ oil-production agreement between Russia and Saudi Arabia does not go far enough to compensate for the historic fall in global demand.

Memoirs of the Foreign Legion.

These were followed by logistics and service units, to include an aerial delivery company and port terminal units. All the pissing and moaning he did. I wasn't sure for the first few pages whether I was going to take to this very down-to-earth narrative style, but it turned out to be a really excellent reflection of the narrator and the story he had to tell.
