Ukrainian Soviet Socialist Republic

The majority of the Soviet people still live west of the river Volga, but during the present century the most distinctive geographical phenomenon so far has been a very substantial easterly displacement of the population. New York: Ukrainian National Women's League of America, 1986.

Harvard Ukrainian Studies. Volume III

Increased pressure from the east combined with the revolts of subject peoples to weaken the Avar hold on southern Russia; but even the destruction of Avar power by Charlemagne in 796, a momentous event in the history of other Slavonic peoples, appears to have led merely to a change of masters for the Eastern Slavs. In the tenth century tribute, booty, and trade were still the principal sources of income for the princes and their retinues, but it is possible to see the germ of land-ownership in the allocation of rights in particular areas to particular individuals. The most likely explanation is that she wanted her personal baptism to be followed by the conversion of her country.
