## Iridium

Although many early works were attributed to such authors as , there is little reliable evidence of his authorship in any extant work.

## Luo, Guanzhong approximately 1330

Although it is not possible to prove whether the intratextual notes were written by the textual author or whether they were added by a later editor, the fact that the great majority of them can be shown to have been present in the archetype by their common presence in editions of both the AB and the CD system demonstrates that they were a component of the text at an early stage of its history. I am therefore inclined to accept the traditional ascription of authorship for Sanguo Yanyi to Luo Guanzhong.
