From Gilgamesh's search for immortality to Lucian's odyssey on the moon; from Jonathan Swift's hilarious satire on scientists in Gulliver's Travels to Mary Shelley's horrifying description of a scientist who has gone too far in Frankenstein from Edgar Allan Poe's balloon trip in the year 2848 to Jules Verne's prophesies of the impact of scientific inventions on future civilization; from Edward Bellamy's utopian escape from the industrial Revolution to H. Book is in Used-Good condition. Cloth edition previously published in 1979.

### The Road to Science Fiction #1: From Gilgamesh to Wells by James Gunn

Getting beyond this, though, there's -- and, truly, against my better impulses -- a nice metaphorical turn here in the story. It has withstood the test of time, with classic stories.

### The Road to Science Fiction: From Heinlein to

Originally intended to be the futuristic literary pieces, sci-fi books accurately predicted future in numerous instances.
