There are several training opportunities available to teach this method. Instead of making sounds as in patting, clapping and snapping, I want the students to be able to hear the music and respond to it.

Music theory lessons lessons in Torrent for home tuition

Through consistent, mindful repetition, slow tempi and attention to specific detail we eventually have enough mentally and kinetically stored rhythmic material, enabling us to rely on the 'feel' of a rhythmic pattern instead of how to count or perform the rhythm. Ask the conductor to go UP the mountain, DOWN the mountain, LEAN to the RIGHT, LEAN to the LEFT, STOP and GO. For barlines, I started using popsicle sticks, like in the SMARTboard file below: Something about using the popsicle sticks clicked with her, as well as a few other students.
