They sung hymns to the Sun as the symbol of the Great Spirit.

Shahqat al

When on the annual hunt the tribe camped in a circle and preserved its political divisions, and the circle was often a quarter of a mile or more in diameter. It is not known that the small tribes of the Northern Atlantic fortified against an enemy, at least, that they erected any works of much or permanent importance, corresponding to those in the West. He immediately refrained from drinking any kind of spir- ituous liquor, and recommended it strongly to all the Indians far and near to follow his example, and laid down certain laws that was to guide the red people in future.
