The main conclusions of the study is that despite several very positive success cases, Latvian ICT industry lacks government strategic attention that would facilitate faster growth of the industry and its export competitiveness. The closest Shafer comes to explaining what he did wrong is this: "In his first statement to Byers, he said he gave to the foundation because he believes so deeply in the AIDS and deforestation programs administered by the Clintons. This phase of the subject will not be further considered here, but will be developed under Waters, see p.
